

TUSCARAWAS COUNTY HEALTH DEPARTMENT

Public Health
Prevent. Promote. Protect.

APPENDIX 15 – PRIMARY AND SUPPORT ROLES FOR TCHD AND ITS PARTNERS

DOCUMENT DESCRIPTION

It is recognized that many public health responses require involvement and response with county and state partners. Depending on the type and scope of the incident, the roles these agencies play may either be in a primary role or a supportive role. This document defines the primary and support roles that the Tuscarawas County Health Department and its Community and State partners fill during emergency responses.
