Information for Funeral Homes

We are open to assist funeral homes Monday-Friday, 8:00 am- 4:00 pm. In order to ensure that we have enough time to process your order, please arrive at least 15 minutes before closing. Our death certificates are \$25.00 per certificate, and burial permits are \$3.00. You may print and fill out our form on www.tchdnow.org. When filing a death certificate, make sure they are complete and error free (no cross-outs, white-out, write overs, erasures). Please remember that if the decedent served in the military, their family is entitled to a free, certified copy of the death certificate. You may fill out and print the form on www.tchdnow.org to get the veteran's copy. If the death certificate you are filing has "pending" listed in the cause of death area, we will notify you when the supplemental certificates are ready to be picked up.

In order to file a certificate or an affidavit, you can come into our office or mail it to us.

We process certificates and affidavits the day that we receive them.
