City/Township:	
Water Sample Location Address:	
City/Township:	
Phone Number:	Email:
Person who will provide access to the water sample location property:	

Add-Ons: (Additional fees apply) _____ Lead _____ Nitrates

In order for a water sample to be taken the following must occur:

- Power must be on and the water system must be operable
- If the water system has been chlorinated prior to sampling, the water system must be free of chlorine for at least 48 hours prior to the sample.
- If you select to test for lead, no water may be run in the house for at least 8 hours prior to obtaining the water sample
- All results are held until payment is received
