***To the community we serve:***

***It has been an exciting year here at the Health Department. Our efforts to promote wellness, prevent illness and manage chronic disease continue to receive state level recognition.***

***Dr. Lucille Stine, a board-certified OB-GYN, joined our staff in 1999, increasing the number and scope of gynecologic services we could provide. We are grateful for her ongoing participation here at the Health Department. Our clinic and dental programs continue to thrive, providing an ever increasing number of services such as immunizations, well-child visits, pediatric care, OB care, family practice and internal medicine care, TB test, pregnancy tests, speech and hearing, assistance for handicapped children, women's health and general dental care to the public. WIC also remains very active. Patient and state surveys conducted in 1999 were positive and demonstrated a high degree of satisfaction with services provided.***

***The administration continues to work diligently to reduce our outstanding loan and complete repayment is within sight.***

***A new osteoporosis grant, one of our four granted in the entire state, resulted in nearly five hundred women being screened for this "silent bone epidemic."***

***We'd like to thank the community for their continued support and pledge to strive to provide the highest level of services that we can provide to our county.***

***Respectfully,***

***Anne M. Harper, MD  
Health Commissioner***
