Please note: TCHD will not be sharing information about individuals under public health supervision or under voluntary quarantine for COVID-19 in our County. These individuals are not showing any symptoms and are not under investigation. As is our normal practice when we monitor situations of infectious disease in the community, information will be shared as is necessary to protect the public while respecting individual privacy. As with other diseases, we do not routinely share suspected case information until it is confirmed. The same will be done with COVID-19.

*As of April 02, 2020

THOSE AT HIGH-RISK FOR SEVERE ILLNESS FROM COVID-19 ARE PEOPLE:

- Aged 65 years and older
- Who live in a nursing home or long-term care facility
- With chronic lung disease
- With moderate to severe asthma
- Who have serious heart conditions
- Who are immunocompromised (from smoking, cancer treatments, immune deficiencies, etc.)
- With severe obesity (BMI of 40 or higher)
- With diabetes
- With chronic kidney disease undergoing dialysis
- With liver disease

TIPS FOR PROTECTING AGAINST COVID-19 WHILE GROCERY SHOPPING

- 1 Limit the amount of people leaving the house to as few people as possible. Ideally only one person would leave the house to go to the grocery store or pharmacy.
- 2 Practice social distancing at all times while out of the house or around others. Stay at least six feet away from others, even when standing in lines or aisles at the grocery store.
- 3 If you have it available, carry hand sanitizer with you while you are out of the house and use it after each time you touch public or high-touch areas. Also, consider taking down sanitizing wipes to clean any surfaces you have to touch.
- 4 Try to consolidate your errands so that you only have to take one trip and can stay home more often to reduce your exposure to others.
- 5 Remember to practice standard precautions whether you are at home, or at the store.

IMPORTANT REMINDERS

- Ohio's Stay at Home order has been extended to 11:59pm on May 1st. Find the full order at coronavirus.ohio.gov
- ALL complaints/inquiries about a business, outside of the New Philadelphia City limits, should be submitted in writing to TCHD either by:
 - Mail: Tuscarawas County Health Department, 897 E. Iron Ave., Dover, OH 44622
 - Email: director@tchdnow.org
- If there are perceived violations, the TCHD will investigate, first through soft enforcement, and, if necessary, by working with the appropriate law enforcement agency.

** A lot of people call with concerns stating to remain anonymous. Please note that when TCHD makes inquiries with local businesses, the complainant's name is not disclosed. HOWEVER, all records of the Tuscarawas County Health Department are PUBLIC unless they are exempt from disclosure (such as health records) and can be requested by any person. ** (<http://codes.ohio.gov/orc/149.011v1>)

Tuscarawas County Health Department's Current Situational Goal:

Contact tracing, notification and tracking to minimize the spread of the virus
