Ohio Department of Health

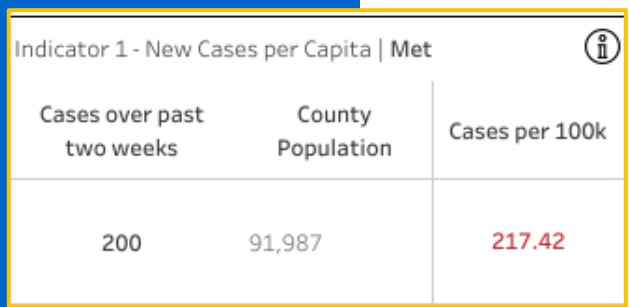

Tuscarawas County: (as of 10/22/2020)

LEVEL 3

On 10/22/2020, Tuscarawas County was designated a Risk Level 3/Red county in the Ohio Public Health Advisory System. This is the first time for the County to be at a Level 3. To be classified a Risk Level 3, 4 or 5 of the 7 data indicators must be met. Tuscarawas County meets the five indicators circled below:

- 1.** 50 cases/100,000 Most Recent 2-weeks
- 2.** New Cases Trajectory increase over a 5 day period
- 3.** Proportion in Non-Congregate Settings (LTC)
- 4.** COVID-like ED Trajectory increase over a 5 day period
- 5.** COVID-like OP Trajectory increase over a 5 day period
- 6.** Hospitalization Trajectory increase over a 5 day period
- 7.** >80% threshold for capacity + 20% COVID ICU

For indicator 3 above, "LTC" represents long term care facilities. For a detailed explanation of the 7 indicators, visit <https://coronavirus.ohio.gov/static/OPHASM/Summary-Alert-Indicators.pdf>
For information about the indicators for all Ohio counties, visit <https://coronavirus.ohio.gov/wps/portal/gov/covid-19/public-health-advisory-system/>

Tuscarawas County Health Department's Current Situational Goal:

Continue to provide timely and accurate information to the public and stakeholders while protecting patient confidentiality and minimizing the spread of the virus through contact tracing, notification, and tracking.
