- Este gráfico también incluye casos reportados por el Departamento de Salud de New Philadelphia City.

HAPPY 4TH OF JULY!

Below is a snapshot of the latest guidelines—provided by our Governor and the Ohio Department of Health—that were announced today, July 2, 2020:

COVID-19 Alert Levels for Ohio Counties

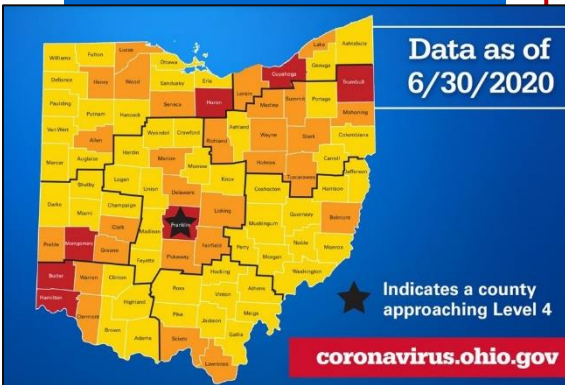

Next Phase of “Learning to Live with the Virus” -Governor DeWine
Counties will be assessed for COVID-19 activity and assigned Alert Levels:

LEVEL 1	LEVEL 2	LEVEL 3	LEVEL 4
Public Emergency Active exposure and spread. Follow all current health orders.	Public Emergency Increased exposure and spread. Exercise high degree of caution. Follow all current health orders.	Public Emergency Very high exposure and spread. Limit activities as much as possible. Follow all current health orders.	Public Emergency Severe exposure and spread. Only leave home for supplies and services. Follow all current health orders.

There are **7 Indicators** that will be considered when determining the appropriate Alert Level:

1. New Cases Per Capita
2. Sustained increases in new cases
3. Proportion of cases not congregate cases
4. Sustained increase in Emergency Room visits
5. Sustained increase in outpatient visits
6. Sustained increase in new COVID-19 Hospital Admissions
7. Intensive Care Unit (ICU) Bed Occupancy

Visit www.coronavirus.ohio.gov for more information.

School Guidance for Reopening

The American Academy of Pediatrics strongly recommends students be physically present in the school as much as possible.

The entire guidance report will be available soon at www.coronavirus.ohio.gov. Some highlights include:

- Vigilantly assess for symptoms
- Wash and sanitize hands to prevent spread
- Thoroughly clean and sanitize school environment to limit spread on shared surfaces
- Practice social distancing
- Implement face coverings policy

Tuscarawas County Health Department’s Current Situational Goal:

Continue to provide timely and accurate information to the public and stakeholders while protecting patient confidentiality and minimizing the spread of the virus through contact tracing, notification, and tracking.
