## Tuscarawas County:

## LEVEL 2

(as of 9/24/2020)

On 9/24/2020, Tuscarawas County moved from a Risk Level 1/Yellow to a Risk Level 2/Orange county in the Ohio Public Health Advisory System after seven consecutive weeks at Risk Level 1. To be classified a Risk Level 2, two to three of the 7 indicators must be met. Tuscarawas County meets the two indicators circled below:

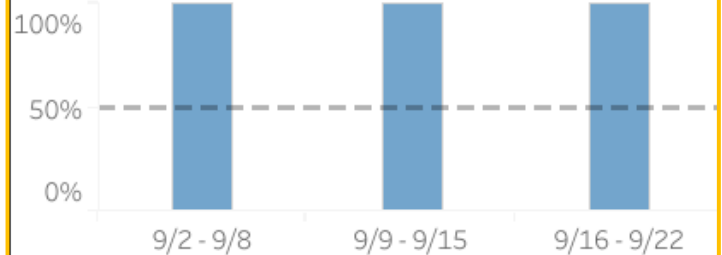

1. 50 cases/ 100,000 Most Recent 2-weeks	2. New Cases Trajectory increase over a 5 day period	3. Proportion in Non- Congregate Settings (LTC)	4. COVID-like ED Trajectory increase over a 5 day period	5. COVID-like OP Trajectory increase over a 5 day period	6. Hospitalization Trajectory increase over a 5 day period	7. >80% threshold for capacity + 20% COVID ICU
---	---	--	---	---	---	---

For indicator 3 above, "LTC" represents long term care facilities. For a detailed explanation of the 7 indicators, visit <https://coronavirus.ohio.gov/static/OPHASM/Summary-Alert-Indicators.pdf>  
For information about the indicators for all Ohio counties, visit

Indicator 2 - New Cases Increase | Met

Indicator 3 - Non-Congregate Cases | Met

### Tuscarawas County Health Department's Current Situational Goal:

Continue to provide timely and accurate information to the public and stakeholders while protecting patient confidentiality and minimizing the spread of the virus through contact tracing, notification, and tracking.
